SAN GABRIEL
LABOR OMNIA VINCIT

Our Colleges and Innovation Centres have been created as a service to the public and are placed in the middle of the social and culture centres of their localities. We run the new cultural and technical Centres offering everything possible with an in depth education and a Christian inspiration. Since our foundation, The Gabrielist's have always favoured the

growth and maturing of our students, whatever their age, helping them to discover the physical, intellectual and emotional potential. We educate them in all social aspects and ready them for their insertion in the world in a critical, responsible and constructive manner. Promoting ethical development and significance as beings.
